

Quality Policy

Sanovigado Ltd. offers services in the field of the pharmaceutical industry, medical device, in-vitro diagnostics equipment and food supplements. The purpose of our company is to provide a wide range of customer focused and quality-oriented services. Our purpose is to fulfill the requirements of our Customers in line with the defined requirements. Our highly qualified colleagues all determined to accomplish the followings:

1. Hearing the voice of the Customer and fulfilling it in line with expectations.

Our aim is to become regional service provider in CEE within the next 5 years in the field of pharma industry, medical device and medical science related. To achieve this, we strive to build long-term relationships with our Customers, establishing continuously expanding business. We want to provide our services by giving high quality, efficient and economic service to our Customers.

2. Fulfillment of international and local legislative requirements and guidelines.

During our work we are considering and fulfill maximally the international and local legislations, standards, and guidelines.

3. Accomplishment of innovation and continuous improvement.

Our long-term target is to establish projects based on innovation, which leads to our own developed products and services. We continuously improve services, quality system, processes, and competencies.

4. Emphasized quality assurance.

In our company to accomplish quality guidelines in practice are in focus to provide always high-quality services on our service field. We have a valid certificate issued by SGS (Certificate HU23/00000177) for our quality management system in accordance with the ISO 9001:2015 standard.

5. Ethical work.

We do our work ethically, considering principles of integrity. We see to achieve long-term development by applying these values.

The quality policy announced above is part of the daily work of our management and colleagues.
